Under the Tunney Act, I wish to comment on the proposed Microsoft settlement. To make myself clear I would like to start by saying I DISAGREE with the proposed settlement which I believe to be nothing but a slap on the wrist and will, in my opinion, solve little if anything. I wont recite the many things I believe fall short in this proposal as the bulk of my thoughts have been expressed by the majority of the open source community leaders. Instead I urge you to PLEASE RECONSIDER this action as it most certainly affects myself and many other legitimate business trying to pull from under Microsofts continued anti-competative behavior.

Thank you for your time,
